Objective

Detail-oriented and motivated problem solver, seeking to join a team and make an impact with robust, modern software solutions.

Education

Cleveland State University — Cleveland, Ohio

Computer Science M.S.	Fall 2023 – Spring 2025
Computer Science B.S.	Fall 2020 – Spring 2023
➤ <i>Minor: Mathematics</i>	
Physics B.A.	Fall 2018 – Fall 2021
<i>Merit Awards</i>	
➤ Dean's List — GPA of 3.88	

Professional Experience

Summer Lab Research — Cleveland State University

❖ Atmospheric Physics	Summer 2020
➤ Rainfall prediction from colossal datasets.	
❖ Computer Networks	Summer 2022
➤ IoT Security Integration, Blockchain Experiments.	
❖ Quantum Computing	Summer 2023
➤ Survey research to create course materials.	
❖ Deep Learning	Summer 2024
➤ Image segmentation and identification models.	

Programming Experience

Python — Proficient

- ❖ 5+ Years of experience writing Python code, knowledge of common AI and ML libraries—Tensorflow, PyTorch, etc. Experienced in data analytics and visualization.

C — Proficient

- ❖ Experienced writing code for distributed computing and embedded microcomps.

Others — Familiar with SQL, C++, Java, HTML/CSS, MatLab.
